Purpose and Summary

Proposed Chapter 8 describes the general provisions, applications processes, and responsibilities for local schools, area schools, and regional training centers. As a part of the Red Tape Review required by Executive Order 10, this chapter was reviewed and revised.

Analysis of Impact

1. Persons affected by the proposed rulemaking:

• Classes of persons that will bear the costs of the proposed rulemaking:

The costs for this proposed rulemaking will be borne by the entities desiring to act as a local school, area school, or regional training center. The Academy also has multiple staff who work with local schools, area schools, and regional training centers.

• Classes of persons that will benefit from the proposed rulemaking:

This proposed rulemaking will benefit local schools, area schools, and regional training centers because the application process and ongoing responsibilities are clearly identified.

2. Impact of the proposed rulemaking, economic or otherwise, including the nature and amount of all the different kinds of costs that would be incurred:

• Quantitative description of impact:

Iowa's law enforcement community will benefit from the standardization of local schools, area schools, and regional training centers. Those entities will also benefit from clarification of the application process and ongoing responsibilities for their school or center.

- **Qualitative description of impact:**

The public will benefit from a professional force of law enforcement and reserve officers and jailers who have met standardized training requirements and that is in alignment with current law enforcement standards. Creating greater public trust in the law enforcement community ultimately enhances safety, public cooperation, law enforcement/jailer efficiency, and officer/jailer well-being.

3. **Costs to the State:**

- **Implementation and enforcement costs borne by the agency or any other agency:**

Local schools, area schools, and regional training centers will continue to bear the costs of becoming and maintaining an approved school or center as they historically have.

- **Anticipated effect on State revenues:**

This proposed rulemaking has no anticipated impact on State revenues.

4. **Comparison of the costs and benefits of the proposed rulemaking to the costs and benefits of inaction:**

This proposed rulemaking streamlines Chapter 8 and clarifies the role and process for local schools, area schools, and regional training centers. It creates identical training environments for officers and jailers regardless of their training location.

5. **Determination whether less costly methods or less intrusive methods exist for achieving the purpose of the proposed rulemaking:**

This proposed rulemaking has been streamlined, clarified, and made less restrictive where possible in accordance with the goals and directives of Executive Order 10.

6. **Alternative methods considered by the agency:**

- **Description of any alternative methods that were seriously considered by the agency:**

No alternatives were considered.

- **Reasons why alternative methods were rejected in favor of the proposed rulemaking:**

Not applicable.

Small Business Impact

If the rulemaking will have a substantial impact on small business, include a discussion of whether it would be feasible and practicable to do any of the following to reduce the impact of the rulemaking on small business:

- Establish less stringent compliance or reporting requirements in the rulemaking for small business.

- Establish less stringent schedules or deadlines in the rulemaking for compliance or reporting requirements for small business.

- Consolidate or simplify the rulemaking's compliance or reporting requirements for small business.

- Establish performance standards to replace design or operational standards in the rulemaking for small business.

- Exempt small business from any or all requirements of the rulemaking.

If legal and feasible, how does the rulemaking use a method discussed above to reduce the substantial impact on small business?

The proposed rulemaking does not have a substantial impact on small business. This rulemaking does not establish design or operational standards.
