

ILEA Newsletter

The Latest NEWS

Basic Academy: Basic Academy Classes 305 & 306 are at the 10 week mark and in their words, “counting down, not up” anymore. The every day experience now encompasses scenario and hands-on learning—from driving, to ALERRT to defensive tactics. Class 306 successfully completed O.C. scenarios which brings back memories for us all!

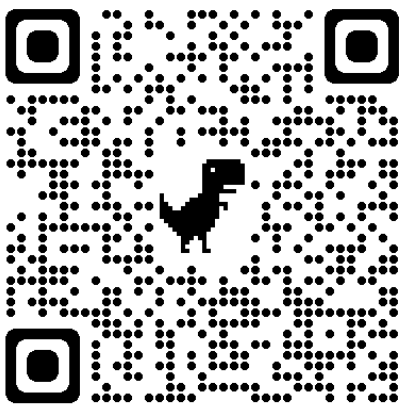

If you are curious what their day looks like, please visit <https://ileaschedule.iowa.gov/calendar>

SERVICE PROJECT: Basic Academy classes are participating in a service project with *St. Vincent de Paul* who serves a large population of the homeless or those living below the poverty line. Recruits will organize, gather, collect, and then distribute items most needed by *St. Vincent de Paul*. This experience allows each of them to demonstrate servant leadership and partner the communities with law enforcement.

OUTREACH UPDATE: October was full with Outreach visits with agencies.

Topics of conversations were around the implications of 321.231B (Emergency Vehicle Immunity from Liability Changes), the decertification process due to questions from agencies, recruitment strategies, feedback for ILEA, and various other items. If you couldn't attend, please make sure you are reaching out with any questions you might have. If you are so inclined, we would love your input on this survey! Your voice matters to us.

NOTE: A separate email will be coming out around 321.231B with specific information and a current list of certified Precision Driving Instructors around the State.

From your Partners at ILEA

TASER School:

Spots are limited for an upcoming 1-day **TASER** school set for December 6. If you are interested, please register at the link below. **SPOTS ARE VERY LIMITED!**
